We're Hiring!

Cost & Estimation

Engineer

Location : Dabaspeta Industrial Area,

Bengaluru Rural, Karnataka

Qualification : B.E. / Diploma

(Mechanical/ Manufacturing/ Production)

Relevant Experience : 5 - 6 Years

**E-mail / WhatsApp your resumes to
am@steinseal.in / +91 76762 17343**

Job Responsibilities :

- Estimate costs for manufacturing orders based on in-depth analyses of technical requirements.
- Collect and analyze all manufacturing costs, including raw materials, labor, equipment, and tooling to ensure estimates are accurate.
- Identify and quantify potential cost uncertainties to ensure costing models capture the full range of potential costs.
- Update costs as necessary based on latest information and project scope changes.
- Coordinate with engineering, procurement, and other project stakeholders.

Requirements :

- B.E. (Mechanical/ Industrial/ Production/ Any related branch)
- 5 - 6 years of relevant experience.
- Proficiency in cost estimation software and tools.
- Strong analytical and mathematical skills.
- Excellent communication and coordination abilities.

Key Duties :

- Determine the scope of the order and review preliminary data and deliverables such as proposal specifications and drawings.
- Attend pre-bid meetings to determine the scope of work and required contents of the estimate.
- Utilize subcontractor or vendor cost and proposal data to support estimates.
- Evaluate and incorporate historical data from past orders into unit and man-hour figures.
- Develop cost estimates for an entire order and assist with contract handoff to Project Managers/Operations.

This role requires a meticulous individual with a strong understanding of project management and the ability to work under tight deadlines.
